This theme will make you feel like an Elf or Dwarf in the movie "The Hobbit: An Unexpected Journey". Watch The Hobbit Windows 7 Theme's magic and enjoy the special atmosphere The Hobbit themes bring. Start adjusting the colors, the images and the particular layout to make the sensation even stronger.

- Wizards: deep, deep in the caves are The Hobbit magic items. The Wizards' sense is extraordinary, which helps them find, sell and deliver all the amazing magic items.
- Wizards: Thousands of Elves and Dwarves are building the magic items. The Elves are masterful in all those magical items, and the Dwarves are expert craftsmen. But, they need your help.
- Wizard's Guild: The Wizards' Guild has been relocated from the town of Laketown to a secure, magically-insulated area. Their work on magic items is proceeding more smoothly, but every day they send out new orders. A different design is required for each magical item. The Wizard's are on a roll!
- Tower of Fire: "The Tower of Fire" is one of the major fortifications of the Westfold Mountains. Inside is Lord Elrond's army. Elrond wants to ensure that no enemy ever again threatens his people and his house. He also wants his own army of Legolas, Thorin and Gandalf to turn against the Uruk-Hai, and Elrond can count on you and your elves to help him.
- Tower of Fire: If you fail him, the Tower of Fire will burn with the rest of the Westfold Mountains, and your safehouse will be denied.
- Tower of Fire: You and your army are the only ones who can do it. Assembling your army is a task fit for an Elf or Dwarf. And so the Council of the Wise has come up with this plan: we will launch you from the top of the tower, and your task is to bring down the fire, and destroy the Uruk-Hai army.
- You are now very close to the enemy - they are just a few feet below you. Will you be able to destroy their army? Your reward for this task will be the honor of delivering your own army to Mirdain. You will also have access to additional structures.
- Your mission in this project is to take control of the Tower of Fire, and to shoot down the Uruk-Hai army. You can win even more if you manage

Hobbit Theme For Windows 7 [March-2022]

The magical worlds created by J. R. R. Tolkien have already reached theaters from all over the world. While the "Lord of The Rings" trilogy has already made a huge impact on the movie business, the Hobbit trilogy, created by the same Peter Jackson, is just starting to leave its mark on the worldwide box office. The Hobbit Windows 7 Theme is a nice collection of images from the first installment of this new trilogy. The program has a clean interface that should make it quite easy to handle, thanks to the intuitive layout. There are seven different images in the pack, each with a high resolution of 1920 x 1200 pixels, which means that they should fit perfectly on screens of all sizes. The wallpapers illustrate famous characters from the movie "The Hobbit: An Unexpected Journey", such as Bilbo (Martin Freeman), Gandalf (Ian McKellen) and Thorin (Richard Armitage), to name just a few. If you don't want to include any of the photographs in the rotation, you can simply clear the checkboxes next to each thumbnail. Additionally, it's possible to randomize their order by enabling the "Shuffle" option. The way the pictures fit the screen can be modified with great ease, by choosing one of the options provided by Windows, such as "Center", "Tile", "Stretch", "Fill" and "Fit". Thanks to their high resolution, they should fit perfectly on any screen, regardless of its size. The bottom line is that The Hobbit Windows 7 Theme is a great utility that should make all fans of the book and movies quite happy. Less experienced individuals shouldn't have any troubles while installing this theme or customizing it, thanks to the intuitive layout.

Dragon Ball GT HD Wallpaper for Window 7-720x400

The Dragon Ball Z-Series began in the year 1987, on the TV-channel "TOEI" ("Television Osaka"). This is a Japanese-language "cartoon", which is loosely inspired by the classic Dragon Ball manga. The TV-Series was followed up by a self-titled movie, which was a considerable success. The two main characters of the TV-Series: the "Human-Phoenix" Bulma, and the "energy-bubble" character Yamcha, were also featured as the main characters of the "manga" in the year 1990. The Dragon Ball Z-Studio has already come up with numerous sequels to the TV-Series and the movie. In many of them, the original casts of the TV-Series and the Movie reappear. Dragon Ball was made by Akira Toriyama,
