

Kmsemulatorexe Download [REPACK] For Microsoft Office 2010

Download

Hi, I recently built a new computer. Installed Win7 Ultimate x64 and tried to install Office H&S 2010 - everything installs fine, accepts my product key (which is...): But when I click "continue" on the "Install Office H&S" window, it tells me that can't find the component...i tried a few things here... I tried to reinstall Office but it can't find the component... I tried installing it from scratch - but still can't find the component... I also tried installing it in a different way instead of installing from a CD and using a USB stick instead In the MS Office folder in Program Files (x86) I see two files Office.exe
