
Opc Scout V10 Siemens Download 25 [PORTABLE]

I use OPC Scout V10 and Simatic Manager v5.5 sp1 and Simatic Net PC station in the NetPro Editor and click on the download button. This works fine, but I cannot establish a connection between the PC station and OPC Scout. When I run OPC Scout, it tells me that the device is not connected. I just want the device to be connected. It just says "Device not connected" and does not get any data. I can't connect to the PC station because I can't
