What's New in the?

✔ PetraSell is a Client-server software, where the server synchronizes with the client and creates a real-time database. This database is permanent and available even when there is no server. The server offers all data and reports, no matter what the client's location is. PetraSell is available online and offline. The data on the server is updated automatically, 24/7. PetraSell has a folder access system. Unlike other folder access systems, PetraSell uses smart names to recognize the contents. ➡ PetraSell is specifically designed to enable you to optimize your business operations, saving time and money. For example: 1. Multiple inventory levels can be incorporated into a single inventory and can be visible to all clients. 2. PetraSell allows you to view and print sales and transactions. ➡ PetraSell offers accounting reports for inventory, sales, and transactions. PetraSell has a built-in point of sale system to easily manage sales; clients' accounts can be reconciled and updated in real-time. PetraSell helps you to keep track of sales by creating a purchase order when an item is purchased. ➡ PetraSell is easy-to-use for both computer literates and non-computer literates. PetraSell does not require any user training. All user interfaces are designed to be simple to use. ➡ PetraSell offers multiple reporting tools. PetraSell uses a built-in reporting tool to easily create reports. PetraSell also creates reports by request. PetraSell also provides a built-in report generator to create reports for inventory management, purchasing, and business reports. PetraSell is also available to generate reports and exports via Excel. ➡ PetraSell is available in multiple languages, i.e. English, French, German, Greek, Spanish, Italian, Czech, Dutch, Polish, etc. ➡ PetraSell is priced based on the number of users and the number of stores you want to use PetraSell on. PetraSell is available at a reasonable rate. PetraSell can even be used as an enterprise solution. ➡ PetraSell has the capacity to print sales receipts. PetraSell also allows you to print sales receipts
