If I only need 12 tracks: EDIT: This works perfectly, thank you for your help to everyone :) @Jonny999's solution For a few moments I was not answering, I just didn't read the question. Thank you Jonny999! A: So you have songs with 10 tracks (1010) 12 tracks (1210) 60 tracks (6020) You should be able to get the 12 tracks as a subset from your 60 tracks. According to your parameter list, the remaining tracks are 0100 to 0199. (Note, that I haven't tested this out, though it does seem possible) In a multiplayer game of golf, the outcome is primarily a function of skill and the rules of the game. With more than two players, however, the probability of scoring increases due to the appearance of a player with a bad slice, a good putting stroke, or superior course management. In the absence of one of these contributing factors, it is unlikely that an otherwise average player will turn in a score of over par. To increase the chances that a player will achieve a score exceeding par, some games may provide a handicap to players of less than average ability, or reduce the score of players who may otherwise have a greater chance of achieving a higher score. One form of handicapping requires a player to select two value numbers representing the number of strokes allocated to them and another player to select an equal number. In
