The New Fantasy Action RPG, available on Steam! A new classic fantasy action RPG enhanced with many requested features such as online support, and a lot of bug fixes. An exhaustive list of features can be found in Game Info.

ABOUT THIS GAME: "A Vast World Full of Excitement" In this new fantasy action RPG, a young man, Darm, travels to the Lands Between. He is known as a servant of the Elden Ring and is on a special mission. One day, while Darm is on his way to his destination, he discovers the ultimate gateway to the Lands Between: the Sacred Island of Tarn. The player can choose between one of two characters, Clad and Ovelina.

- Choose Your Character Players will be able to freely select Clad or Ovelina in the town. Clad is a strong and proud warrior who is a servant of the Elden Ring, and Ovelina is a shy, sweet girl who is good at magic. Players will be able to freely select Clad and Ovelina in the town. Clad is a strong and proud warrior who is a servant of the

Elden Ring, and Ovelina is a shy, sweet girl who is good at magic. Clad is good at battle and is a 'tank'. While still holding on to the 'tank' title, he can maximize the effectiveness of his attacks with skills, including his ultimate 'Lions' counterattack. Ovelina is a sweet girl who is good at magic. Ovelina is good at battle, and she is a 'support' character. She can use skills to help Clad, and she can cast spells for allies. • Powerful Battles While traveling through the Lands Between, you will face all sorts of dangerous and exciting situations, including battles against monsters and the fierce Elden Lord. Clad and Ovelina will be able to freely move around the combat arena at the start of the battle. Through skilled play, you will be able to succeed in the battle. There are various types of victory conditions, such as death, damage, or the total elimination of enemies. Battles are highly cinematic and exciting. When you defeat your enemy, you can enjoy the feeling of watching their body parts flying around. "The Most Beautiful World I've Ever Visited" (Story of T

Gameplay: 9/10 The new fantasy RPG comes with a refreshing approach that goes back to the roots of the RPG genre, and creates a whole new experience that mixes elements of the online role-playing game genre. Story: 9/10 The story mode takes place in a land where the Gods have become weakened, and the old balance has broken down. As such, the descendants of the powerful Elden Nation are trying to revive the gods by gathering their power. Level Design: 9/10 The game's unique level design allows players to immediately feel that it's their own world, and to try out all kinds of quests. Furthermore, there are many different situations that pop up throughout the game, and there's a variety of props and story lines on offer. Battle System: 9/10 The battle system is in top form in many aspects, which allows for a high degree of customizability. Players can freely build their own battle system, and this means that they can easily create unique strategies. Visuals & Audio: 8/10 The visuals of the game are somewhat lacking in comparison to titles of today, but that's compensated for with the high level of detail on offer. The graphics also come across as both rich and soft, but the overall visual impact is very positive, and the sound design is highly engaging. Controls: 8/10 The control scheme and interface are fairly standard, but they work well when it comes to navigating and controlling your character. The controls are responsive, and there's no hassle when the game wants you

to perform certain actions. Shop & Costumes: 8/10 Rise of Tarnished is not a game of choice where you need to visit a shop every now and then. Instead, you develop your character and gain magic and items as you play, and you can take on as many quests as you want. Therefore, there are no shops for you to visit. However, you're able to purchase items through crafting, which offers a variety of options. You are able to craft your own weapons, armor, accessories, and other items, and you can decide what components you use to make them. Moreover, there are plenty of costumes for you to dress up your character in. Online: 8/10 There are two methods you can take for online play. You bff6bb2d33

The quest itself will also affect the development of the characters. - Authentic Sword Combat Equipped with a variety of swords and swords of different types, different types of armaments, and magic, players can freely slash and cut their opponents. - A wide variety of actions, skills, and items We will expand the roles and items to comprehensively bolster sword combat, action, and magic. - Complicated Party System If you are in a party, you can freely switch between the party leader and the character of your choice, leaving you to dive into and enjoy the party atmosphere. - Legend of Red Eyes The story of the tale will revolve around the legend of the Red Eyes, and the legendary warriors who protect the throne of Hazen will serve as your allies. - Story - In a world where light has faded, four kingdoms quarrel for the light. Several worlds overlap across great distances, and everyone carries the scars from a war that ended tens of thousands of years ago. To maintain order and balance, nine Elden Lords have been established to maintain order. The five elder nations—Luxoria, Vodacheca, Rorna, Rienfel, and Sattoria—are under the authority of the Iviia Elden Lord. The Elden Lords are the highest position of nobility. Over the decades, the influence of the legendary sword “King of Thorn” began to grow. The weapons are said to have been lost to the deepest depths of the land thousands of years

ago, but their legend became part of the folklore of the people. The story begins... "Can the master be trusted?" The night before, Red Eyes was gripped by fear. To make matters worse, he was unable to go to the Elden Lord's banquet because the master had been late. "It's a bit of a bother. Although his age may have something to do with it, it was extremely peculiar for a legendary master to be late for a banquet, even though it was a solemn occasion."
