1. Introduction ----- Fantasy action role playing game, "Elden Ring", has been updated to version 10. Elden Ring uses a completely new system and content. We will be updating the current information about this, so please please please do not post in this thread. Currently the update is expected to be released by March. Elden Ring is a game that offers a free-style action role-playing game style in an environment in which there are no schedules and no boundaries. In this game, you can customize your character in accordance with your play style, and develop your character according to your play style. Elden Ring is a game for you who enjoy the epic fantasy drama. About eight years ago, the ancient continent of Yharnam was destroyed in a great war, and all the continent was shattered. After the war, a continent of ancient stone known as "the Lands Between" emerged in this state. The Lands Between consists of three countries. The Lands Between is an area which is hard for the humans to pass through because of the war, and there is an extremely tall and dark wall. However, people who possess the power of the Elden Ring pass through this wall and explore the other worlds. You and your fellow Elden Lords open the way to the other worlds and clear the powerful enemy monsters. During the war, the humans were attacked by the monsters that broke out of the continent. Among them, three humans were annihilated as full-time warriors: the hero of the Elden Ring. In accordance with the prophecy, the hero of the Elden

## **What's new in Elden Ring:**

**BE THE FIRST. Do what you love. Live where you want to. Come to GOG and work on the game you have always wanted to make. Our devlogs are a glimpse of the life the dev team lives and we want to share it with you! In this devblog we focus on what comes next for Penumbra and our daily development lives. We want to make sure you have everything that you need to know about us by progressing through our development process, right from concept to release. Stay tuned and be the first to know what's coming next!**

### **Taking on New Challenges**

**Crazed Asylum Vol. 1: This first devlog also demonstrates our new structure. We are still a team of 15 people, in Berlin (North Rhine-Westphalia, Germany) but are now split into two teams, with each team having 3 programmers and one writer. This change means that we have more time to focus on individual tasks, while still maintaining a tight structure that keeps us working as a team. This also allows us to focus on our long term project goals rather than short term tasks.**

### **The Projects of the Month**

**They return for 2018, bringing quality to our games and their interfaces. Land of Heroes is a browser-based game where you control heroes from the point of view of the people around them. Defeat monsters for fame as you progress into the story. A classic theme for the idea of clicking on a cast of heroes, interacting with them and developing your**
