The lands Between are the boundary separating the lands of existence from the lands of nonexistence. They are the realm where a myth created by the Shemhamphorash emerges. In those lands, the protagonist of the story must fight the dark goddess. The protagonist of the story, Tezusu, is born as the last descendant of the Vile-Fanged Clan. Although he was born in the lands Between, he can cut

through the realm of nonexistence into the realm of nonexistence. In addition, he possesses extraordinary speed and reflexes. One day, something strange happened in the lands Between. From the land of nonexistence, the Shemhamphorash appeared in this world. The enemy killed its creator, and it destroyed the world. Thereupon, a great shadow fell over Tezusu. Tezusu is called Tarnished, and is also known as Stained. He struggles to collect all shards of the three fundamental elements of existence (Purity, Life, and Magic). As he gathers the shards, Tarnished explores this vast and thrilling world, and fights against the dark goddess. This game uses the Action RPG genre. There are both characters and monsters to fight. There are many elements and skills to raise in order to unleash your true strength as an adventurer. You can freely move around and talk with other players online asynchronously in addition to the traditional multiplayer. - Supports the Input Method of Joystick, Buttons, and Consoles (XBOX ONE, PS4, PC, XBOX 360, PS3) - Possibility to select a style of game with setting in an open field or an island with a variety of dungeons - Automated equipment equipment management, such as equipping items to your character (*) You can begin the game by selecting the Adventurer class. The class you can select will be displayed on the menu screen. (*) Equipped equipment level and equipped weapon level will be displayed on the menu screen. FULL INFO

Elden Ring, an action RPG, is an original fantasy based in the world of Kogleren. The game takes place in the Lands Between, a world separated from the human world by a murky mist. Elden Ring is the

ultimate fantasy action RPG In between a legion of dangerous monsters, who are more powerful than any of the variety of inhabitants on the human side. Tarnished is one of few heroes who wields the Law, but even the Law is powerless against the strength of the monsters who threaten the world.

Elden Ring is a graphic RPG that seeks to bring the best in terms of its unique series. While taking free-form elements common to the genre, it also strived to create a hybrid RPG-visual novel that truly imitates each genre with its own style. Despite the fact that Elden Ring is a fantasy themed novel series that makes use of the hypothesis of "the last couple discovered by mankind on the Earth outside," it is an original story that takes place in the world of the book, allowing for a completely new experience when compared to the genre.

Originally, the story took place in the 1950s, to match with the assumptions of the human world. However, an unlucky incident involving a girl called Lunita resulted in creating the seers that would later help mankind. The seers saw into the future, which ended up with them being restricted within the Lands Between, and unaware of the true collapse of the world in the future. This is not a fantasy novel set outside the future, but a fantasy novel about a dramatic life to a future that has not yet occurred, while combined with a visual novel where the story

Source: Amazon.de REVIEWERS: Banjo-Kazooie Review: NEW OLD GAMES REVIEWERS: Banjo-Kazooie Review:Otaku 1 - www.otaku1.de - The guys at Grubbo Games have just released their new indie game, and it's a doozy. The game is called Tarnished and as the title implies, it's a 2D fantasy action role playing game, where you play as an exiled monster trying to get back home to your father. The game does a great job of delving into the lore of the world you're creating, and every game has some features that set it apart from the pack. Let's take a closer look at Tarnished, shall we? The art style is really gorgeous in the game. Each enemy can be damaged in different ways that look like they were drawn by a professional artist, and the environments and towns are also beautiful. The music is really awesome as well, though it's not very in-your-face like some of the best music in the genre. Since the game is very dark and depressing, the music really fits the tone of the game. I personally really like how the art style has the depth that only realism can bring, while the music and sound effects will make you smile. A big plus in this game is that you can totally customize your own character, and it comes in four different classes. These classes are all fairly standard. The weakest class has the lowest attack power. There are two other classes that are useful for some enemies. These classes are very useful at unlocking the best equipment and leveling up faster, so don't miss them. In addition to that, the game features a sort of job system, where you can choose a job and level up that way. So in addition to leveling up using combat, you can also get more out of it

by having different special skills that depend on the job you choose. The combat is very simple, with one exception; there is a card-like system, where you and your enemies have the ability to use cards to affect each other. The cards range from offensive ones like damaging, that can be activated by the player or the enemy, or defensive ones like block, which allows you to protect yourself from your enemies and vice-versa. You can also toss the cards, and this can be a one-way bff6bb2d33

Elden Ring

* Story Overview (If the player never played ELDEN RING before) You are raised as the most promising child of the Tarnished. After hearing the rumors of the "Dark Lord," your father knows that the only way to protect you is by training you as a Knight. However, you get captured by the Dark King who plans to use the Elden Ring. Because of your forbidden bloodline, the Elden Ring is cursed to consume the Tarnished. As a result, it leaks out into the Lands Between, turning the lands into a wasteland. * What is the Elden Ring? A Relic, born from the legends of the past, the Elden Ring is an unspeakable and amorphous force that wakens in times of dire need. The Elden Ring is believed to have been a gift given to the Tarnished from the gods, but it was not enough to stave off the destruction of their land. The time has come for the Tarnished to recover this Relic and suppress the Elden Ring. * GAME CONTENT 1. Developer Art: D.IGN * Development City: San Francisco, CA * Platforms: Windows, Mac, iOS

* GAMESMASTER WORKS The veteran team behind games like Tales of Xillia and Monster Hunter Generations. * QoL Improvements to graphics and feedback. * GRAPHICS Realistic and detailed environments with dynamic lighting and animations. THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. • A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. • Create your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. • An Epic Drama Born from a Myth A multil
