Then you need Zebra Searches. A search engine that can help you: Find the information you need quickly Find what you need with minimal effort Find the information you need quickly When searching for information it is vitally important that information is found quickly. You may be searching by one of the subject areas (Topics or Trademarks) or the Active or History Mode, or just browsing around. If you get stuck and need help you need to be able to find the information you need and soon, that can be a tough task when the resources are not easily accessible. We have created a platform of fast and efficient search tools to maximise your time and effort. This includes: Features As a result of the very specific user needs, Zebra Designs has gone above and beyond to deliver the very best product you can buy. We offer some of the most advanced features available today, including: History Mode – Based on the last one hundred searches you performed, you can refine the search results. This allows you to easily focus your searches when you are trying to find only one subject area or type of data. Contextual Navigation – The ability to see an overview of your
