

The player models and animations now have a level of fit, smoothness and speed that enables you to feel like the game's most skilled players. Improved animation response time and more player animations give you more chances to make key challenges. New tackling and blocking animations take into account the individual player's experience and expertise. The player models' animations and behaviour are also enhanced to help them react to the ball in the most realistic way possible. For example, watching A.L. BOUDREAUX pull off moves to beat a players defense. The Pre-Selected Class system now gives you more flexibility to adapt your team to changing situations on the pitch. Moreover, the AI controlling your team will feel more realistic than ever. EA SPORTS FIFA 18 Be A Pro, the official videogame of the FIFA 18 World Cup™. Over 100 official players, including Lionel Messi, Cristiano Ronaldo and Kylian Mbappé, are ready to teach you everything you need to know about your favorite sport on the biggest stage in the world. They will help you navigate FIFA 18's "Coach" mode as you build your own team, then compete in a World Cup-style tournament. The Most Realistic Gameplay The gameplay-first philosophy that drives FIFA has always been at the center of our vision. Our goal is to make every player feel like a real star—not because they are, but because we are. We wanted every touch, every pass, and every shot to feel more lifelike. Each aspect of the game has been thoroughly reviewed, re-engineered, and improved to deliver the most realistic football we can. FIFA 18 is developed for PlayStation 4, Xbox One, and Windows PC. FIFA 18 includes the PES series' complete career mode, as well as online and offline friendly modes. Players can play a match in preparation for the new season, get in some training, and compete against friends in our free-to-play "Be A Pro" mode. FIFA 18 Features FIFA 18 adds a complete football experience, from the hardcore fans to those who are just getting into the sport. PES 2018 on the Move The Most Realistic Touch and Movement Transfer your experience from the pitch to the living room with just a few quick taps. Launch PES in a 3D match and enjoy every

## Download Fifa 22

Welcome to FIFA, the world's #1 football game, one of the most important sports franchises and an all-time classic. Since the launch of the franchise in September 1992, FIFA has sold over 100 million units, including the best-selling series on all home consoles and PC. With FIFA you can play as your favorite national or club side and compete on the pitch, on the training pitch and in the dugout. EA SPORTS Soccer™, FIFA's reality simulation and eSports-ready mode, has millions of players in over 200 countries. Make some noise as you take on the world in tournaments, leagues and the EA SPORTS™ FIFA Club. It's also the only FIFA game with an official Pro Evolution Soccer League (PES) license, meaning you can compete with your friends in Pro Evolution Soccer, the franchise with more trophies than any FIFA game. The FIFA series is also famous for its remarkable soundtrack: over 150 official songs by top-class composers have been licensed for the series, and it's not just the hit songs by global stars that you'll hear in the stadiums, but also the music of countries and local bands. With FIFA you can take your footballing skills to the next level in the single player career mode, or compete against your friends in online matchmaking for head-to-head or online leagues. You can also play in the new EA SPORTS™ FIFA Club, the ultimate social hub where you can upload, comment on and share videos, photos and clips from your gameplay. Download the FIFA app now for iOS or Android and be ready to take on the most popular football stars in the world, including Ronaldo, Messi and Neymar. What's new in FIFA? Unleash a new set of mechanics to deliver a brand-new gaming experience. See players control the ball more naturally and pass it with more variety. Look and feel a new generation through the boots of Cristiano Ronaldo and Neymar, whose individual skill and approach to the game will inspire you. Control the ball with more precision and naturalness than ever. Pass the ball with the new Pass Intelligence System and Pass Success Rate for more control and precision, while the new Attacking Intelligence System adjusts the trajectory of passes and create and is responsible for the movement of your team. Score more goals with a new Active Goal Assisted Technology (AGAT), where players who win headers are awarded with additional goals with more variety and scoring more goals
