FIFA 22 introduces two new camera views. The Replay View offers a view from the pitch side camera and provides players and coaches with the ability to review every aspect of a challenge like no other before. The Virtual 3D Player view is a new 3D representation of the player in-game, featuring unique, highly customizable facial expressions. Players can be further customized through the new Career Mode. Players can enjoy over 40 individual training drills that make the training sessions authentic and fun. As the game progresses, players also earn experience points that enable them to upgrade their playership to unlock new player traits and transfer abilities. FIFA 22 introduces a new Pro Clubs and League Mode that allows players to manage their club career in one of the world's greatest leagues, the German Bundesliga. FIFA 22 brings in-depth and authentic community rivalries with Rivals, inviting fans to challenge each other and compete for bragging rights by playing in matches and tournaments. FIFA 22 introduces a new Ultimate Team mode with the ability to build the ultimate fantasy team of real-world superstars, all by performing well on the pitch. New rewards in Ultimate Team such as transfer bonuses and the chance to win player appearances or packs are geared towards the commitment players make to earn them. FIFA 22 introduces a revamped depth and quality to the Transfer Market. Players can now participate in the Transfer Market Draft, a real-time, auction-style draft where all 32 teams simultaneously draft new players using their available budget. The draft is operated by a live announcer to keep the flow of the market fresh. The draft produces a brand new player card with all of the attributes of the selected player. In addition, players can now participate in the Transfer Market directly from the Squad Builder, adding new content to the game each year and continuing to build the game. FIFA 22 introduces a new Co-op mode with up to 4 players who share a single controller. Players can take on jobs from work, school, or having fun, by completing them in quick matches. For example, players can work in an office, or have a drink with colleagues in bars. Players can then save and share those jobs online. FIFA Ultimate Team is also back with a new FIFA Ultimate Team Rivals feature that allows players to compete with other players and their UFTA teams in various Modes such as Tournaments, Friendly matches and Leagues. Teammates and rival players can assist with targets and goals, generating
