FIFA launches a new FIFA Challenge league which includes stadiums around the world, including the historic Roman Colosseum, Wembley Stadium, Old Trafford, the LA Coliseum and San Siro. There are five stadiums in each competition: Rome, England, Spain, Germany and Italy. For the first time, next-gen gaming controls will be available for this challenge league, allowing players to take control of the action on the field using the PlayStation Move motion controller. It's at the weekend of the UEFA Champions League final in Monte Carlo when a group of youngsters discover the Game Boy. They quickly develop an obsession with the game and with videogames in general. FIFA 12 will look back on that period of childhood. Spend more time with your friends on the field. The new and improved Friendlies mode lets you play against different types of opponents, including CPU controlled and real-life players. Team up with your mates and play through the season together in the Player Career, which lets you manage your career from youth level right up until you take your first team job. New Play Styles for Be A Pro and Coach Mode. Be a Pro mode lets you play a match on a single pitch in five of the most popular and famous stadiums in the world, including Anfield, Old Trafford, the Stade de

France, the Maracana and the San Siro. A new A,B,C mode lets you do the same but has you choose your own stadium. You can even choose a team to manage. Or make your own team in Team Play mode, to play with friends or the AI. You can also take on a challenge and compete for a trophy against the best teams in the world. New challenges, modes and venues in FIFA Ultimate Team including the Maracanã stadium in Rio, San Siro Stadium, the Spartak Stadium in Moscow, the Estadio Meireles in Porto and the Santiago Bernabéu Stadium in Madrid. A new mode, Ultimate Tournament, lets you hone your skills and compete in four challenges around the world. New FIFA Seasons. FIFA Seasons offers more matches, more variety and unique gameplay styles, including the return of the old school 2-3-1-2, 3-4-3 and 4-4-2 formations. There are also new strategic options, as well as the return of throw-ins and throw-ins offsides. New Dribbling and

New tackling

system - Impact - Improved technique makes it easier for players to succeed at attacks, especially in one-on-one situations. The new player can now better control the contact phase of the attack. This helps players who lack the raw speed and power to stop attacks, such as attackers from the flanks or in one-on-ones. Foot - Controlled how much force is generated when a player strikes the ball. With this adjustment players in the attacking third can now get behind the defense and produce more shots on target. Power - Controls the acceleration and speed of the player's leg. During play, the player's speed is a combination of leg power and acceleration. Aerial Impact - In-game physics engine enhances the force of the impact in the aerial attacks, giving players the opportunity to control the force of the attack as they try to beat the goalkeeper. Overlapping with the gameplay itself, the FIFA ULTIMATE TEAM game mode also includes the first FIFA and UEFA leagues in franchise mode - Major League Soccer and English Premier League (EPL). Livestation is a new revolutionary way of getting around in FIFA. Using the new dynamic traffic model, a series of on-screen overlays will tell you the fastest way between two points in the game, or to a particular landmark on the map.

What's new in Fifa 22:

- **FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.**
- **FIFA 22 introduces free-kicks from deep. You'll use your feet to angle a ball high into the air. When you do this well, it will bounce back toward the goal and you can take a shot.**
- **Create your club with your favourite FIFA team in a new Player Career. This mode lets**

you create a team based on your favourite club or even a club from a different league.

- **FIFA 22 introduces 15 new players, 12 new kits, and seven new pitches. There are more than 1,000 different player and team appearances to collect during the creation process of your club.**
- **The FIFA-version of the popular Pro Evolution Soccer franchise has received an update. The update optimises and improves the gameplay and in-game experience for this title. ALL-NEW JAPANESE EMBATTLES Football is a style and a team sport of kicking the ball with a shinguard. It's also about tackling, dribbling, use of space, pressure, and a host of other factors that sometimes bring about a best-of-three or five-game finals. In Japan, fans and followers will see added depth to the gameplay that goes beyond simply knowing how to use the paddles to control the game, allowing the gameplay to feel truly authentic. These new Japan-specific attacks will have players on both sides of the ball but the new tools will allow players in possession of the ball to effectively orchestrate match tactics, creating a game that feels similar to traditional Football with more on-field wiggles and spontaneous exchange of numbers. Each of these new dribble, tackle, and passing options taken into Japan World**

Cup will push the gameplay in new and exciting ways, allowing players to dominate every aspect of the game with a more contextual approach to momentum- and momentum-altering attacks. Players will need to make quick decisions to unleash the next set of tools. Use these tools intelligently to quickly organize team-based numbers or defensive strengths in unpredictable ways to create coordinated attacks or evenly destructive counterattacks
