were being driven to a nearby village and as they were coming to the village, a (rocket-propelled grenade) was fired at the boat and hit the engine," said Aye Aye Mya, a commander in the Kachin Independence Army (KIA). The KIA said it was behind the attack on Thursday, which occurred in Shweginkazan Township, Moulmein district. No further details were available. The military said on Friday it was still investigating the attack but would not speculate on who was responsible. In March, five Myanmar soldiers were killed when their boat was hit by a mine off the coast of Yangon.

Parent Report The National Institute of Child Health and Human Development (NICHD) has developed this online tool to allow parents of children and adolescents with ADHD (Attention Deficit Hyperactivity Disorder) to report on their child's school performance. It is intended to provide a means for parents to share information about the treatment of their child with their school, as well as to allow schools to track the participation of their students in their treatment programs. This tool provides a self-report system that allows schools to obtain information from parents of the students they serve. The overall goal is to provide schools with the information that they need to improve the education of these students. How to Use On the left side of this web page, you will
