In FIFA we dream of being able to make the impossible happen by pulling off first-time magical tricks that will change the game for the better. In this world, FIFA is not just a game, it's an entire universe. Our mission is to bring that fantasy – of the dreamers all around the world – to life in the real game. The potential is immense. As players, we want to see the impossible. And the impossible has become possible. In FIFA, we dream of doing things never before seen. In the real world, the impossible is already happening. Within FIFA, what cannot be created will be recreated. Nothing is impossible. The possibilities are unlimited. If you dream about it, it can happen. See the impossible being created in FIFA. And then do it yourself. FIFA is about exploration. We want to explore new directions. Be the dreamers. What if... FIFA is all about fun. Fun with the ball. With challenges and transformations. There is no end to the possibilities of fun. In FIFA, you have the ability to evolve and to create. You can do things that can never be done in any other game. What if you could just run for two hours? Without the need to find and keep food. Or if you could just move your body in any direction? What if you could cheat death? What if you could travel through dimensions? What if you could fly? In FIFA, we dream of doing the impossible. In the real world, the impossible is already happening. FIFA is about honesty. We want to be honest with our players. To help them move forward in life. We encourage them to face challenges. To overcome obstacles. We expect them to be real. Not to be fake. See the real world. In FIFA, you have the ability to evolve and to create. You can do things that can never be done in any other game. What if... In FIFA, you have the ability to face challenges and to evolve. You create the beautiful game. You join other players and join worlds. You dream about being able to change the game forever. What if you could use your creativity to remake the world? In FIFA, you can do this. There is no end to the possibilities of transforming bc9d6d6daa

FIFA is the world's most popular football video game, and is available on over 1,000,000 portable gaming devices and almost 20 different platforms. There are over 1,500 official player licenses, and more than 400 official teams in the FIFA franchise. FIFA's networked services connect millions of players around the world and generate millions of on-line hours per year. What is EA SPORTS FIFA? EA SPORTS FIFA is the only FIFA title that combines cutting-edge 3D Game Engine technology, the highest-quality player models and animations ever seen in a football video game, and the most robust real-world gameplay modes and competitive modes. What is Football? The game of football is loved all over the world and the official FIFA game gives you the opportunity to play the sport you love as the world's leading football team. FIFA World, Club and Pro licensed football is the core of the game, but in addition there are UEFA Champions League™ and UEFA Europa League™ licensed teams and competitions, and 23 official National Teams to choose from. There is also a breakthrough addition to the FIFA brand: cross-over licensed teams that operate in an online and offline mode. As the official online community of FIFA, the EA SPORTS FIFA World network has over 16 million registered players worldwide. FIFA Ultimate Team: is a in-game trading card and manager game, is a social gaming mode that allows the player to collect and use professional and licensed teams, players, stadiums, kits and logos to create their own FIFA Ultimate Team (FUT). Cross-Platform Interactions: FIFA World, in addition to the standard PlayStation®3 and Xbox 360™ consoles, will be released as digital download content on the following handheld devices in June: the PS Vita™ system and the NGP system™. FIFA is expected to be released for a number of other consoles and other platforms as well. New Commentary: the game includes an all-new commentary system, which delivers a new level of realism that brings the game even closer to the real thing. Engine: Powered by EA SPORTS™ FIFA Game Engine, which features near 360° player motion, game control, ball control, and rapid transition effects. The Game Engine is the most sophisticated, realistic simulation of the sport on the market. New Physics Engine: with state-of-the-art physics engine that accurately reflects the complex
