you. The story of this game follows the main character, a cold blooded person who has no idea of love, was born in a small forest cabin. As he grew up, he became an expert swordsman. He used this, together with his psychic powers to save his hometown. Upon returning home, he found the "Forest Princess", a sweet and hot girl with blue hair, living there. He suddenly fell in love with her and naturally, he had no choice but to kidnap her. When he was about to take her away, a strange girl with red hair appeared. This mysterious girl was the Princess's dad! In the struggle for the Princess, the new girl was killed... the hero fell in love, and now the main character must rescue the forest princess! The characters are beautiful and sexy, the story is fantastic, and there's plenty of naughty content as well! **Sleight of Hand** are all essential in this game. Working out where the bad guy is in your line of sight is the skill. You could even have your mobile phone on you as a rifle for better long-distance accuracy, and you have a hand placed on the trigger. Sound like fun? **Most Wanted, Medici:** mobile game from Gameloft, released worldwide, available for iPhone, Android, Windows Mobile, Blackberry and iPad. Become a bounty hunter and kidnap VIPs. Kill over 3,000 people from bad folks as you acquire 5 star ratings and become the Most Wanted. £0.79-£1.99. Release 1.5 on April 6th. **Hawking and the Black Hole,** Supermassive entertainment, out now. Role-playing game in which you must fix the black hole, using sci-fi physics, AI and physics (like gravity and so forth) to resolve puzzles, while visiting locations such as particle accelerators, Mars and Saturn. **Chronopocalypse,** West One Games. Fantastic survival game that plays out over three key eras including the American Civil War, American Civil War 2, and a post-apocalyptic version of the USA. Day 1 there are three types of enemies, 3 type of machines, 30 types of weapons, and 7 types of buildings, with an original soundtrack designed by Jonti Horner. Released September 25th. **MUD,** West One Games. Apocalypse-themed shoot 'em up written by ex-WildStar dev Stefan Gvozdichov. Released on October 28th. I see that you've got a free copy of **Someplace Safe,** which, I didn't know existed. Really enjoyed it! I've played quite a bit of **Holy Potatoes!** and **Dead State,** which is a game I think anyone interested in the kind of game given can have a go at enjoying (although 1-2 might be too much). I know **Dead State** just had **DayZ** code, but that was a while back. User Info: dintril Dintril (Topic Creator) 4
